ALL MEMBERS OF THE MISSOURI HIGHWAY AND TRANSPORTATION COMMISSION

Mr. Thomas M. Boland, Chairman
Mr. Robert E. Jones, Member
Mr. James W. Gamble, Member
Mr. S. Lee Kling, Member
Mr. H. Mark Preyer, Member
Mr. Edward D. Douglas, Member

Gentlemen:

SUBJECT: Design, Route JJ, Howell County
6 Miles S/O Route 60 to 8.5 Miles S/O Reoute 60
(Two Disconnected Sections)
Location and Design Public Hearing

Attached is a transcript of comments from an open format public hearing concerning the location and design of the above project. The hearing was held at the Good News Baptist Church on August 13, 1996. Approximately 40 people attended the hearing.

The project will replace three low water crossings across the west fork of Spring River with bridges on relocation adjacent to the existing route. Right of way and construction of the project is beyond STAP, but due to comments received from the public, the district is considering advancing the project on the program. Based on public input received about the proposed project, the general public favors our proposed improvement and encouraged the department to construct the improvement as soon as possible.

Sincerely,

xxxx xxxxxxxx
District Engineer
